

AudioDraft

# Design contests

- A way for companies to outsource audio productions
- Any artist can participate and have a chance to win money
- Anyone can follow the process and participate by voting and commenting the entries
- Works as an engagement marketing campaign
- A great way for a company to get people involved with their brand or product

# Pricing

## Non-exclusive license

- You get a world wide **non-exclusive right** to use the production that covers all media
- Artist has the right to use the production in other commercial purposes
- **Prices starting from \$209**

## Exclusive license

- You get a world wide **exclusive right** to use the production that covers all media
- Artist doesn't have the right to use the production in other purposes
- **Prices starting from \$649**

The contest always fits your budget:

**You decide the prize money!**
